

Christopher A. Halsch

Postdoctoral Associate

Department of Biological Sciences • Binghamton University

chalsch@binghamton.edu • (415) 246-9157 • <https://chrishalsch.com>

Appointments

Binghamton University	2024 – Present
Postdoctoral Associate	

Education

University of Nevada, Reno	2018 – 2023
Doctorate - <i>Ecology, Evolution, and Conservation Biology</i>	
Advisor: Matthew L. Forister	
Committee: Sarah Bisbing, Lee Dyer, James Fordyce, Perry Williams	
University of California, Irvine	2011– 2015
Bachelor of Science – <i>Earth System Science</i>	
Bachelor of Science – <i>Ecology and Evolution</i>	

Grants, Scholarships, and Awards

College of Science Outstanding Graduate Assistant Award (\$500)	2022
- University of Nevada, Reno	
USDA AFRI NIFA Predoctoral Fellowship (\$117,700)	2022
- U.S. Department of Agriculture	
Centennial Pollinator Fellowship (\$2,500)	2021
- The Garden Club of America	
Hitchcock Fellowship (\$13,300)	2021
- Hitchcock Center for Chemical Ecology	
Jerry and Betty Wilson Scholarship (\$4,000)	2021
- University of Nevada, Reno	
Joan Mosenthal DeWind Award (\$5,000)	2021
- Xerces Society for Invertebrate Conservation	
Ron Leuschner Memorial Fund for Research on the Lepidoptera (\$500)	2021
- Lepidopterists Society of America	
Ben & Beatrice Edwards Biology Scholarship (\$1,200)	2020 – 2021
- University of Nevada, Reno	
Outstanding Graduate Student Scholarship (\$500)	2020
- University of Nevada, Reno	
Graduate Research Fellowship Program (Honorable Mention)	2020
- National Science Foundation	

Publications (in reverse chronological order)

Teaching Experience

BIOL 750 – Research Design

Spring 2020 - 2022

Developed lessons and led labs introducing graduate students to R coding and statistical analysis for ecological data.

EECB 751 – Philosophy of Science

Fall 2020

Designed and implemented a graduate course on the philosophy of science, focusing on topics related to ecology, evolution, and conservation biology.

BIOL 437 – Entomology

Spring 2019

Organized and led labs on insect identification and taxonomy.

Crystal Cove Conservancy, Newport Beach, CA

Spring 2016- Spring 2018

Designed and implemented participatory science education programs for K-12 students in partnership with California State Parks and University of California, Irvine researchers.

Professional Presentations

Seminars and plenaries

Halsch, C.A. 2026. *Western Montane Butterflies in a Changing World*. University of Washington, Department of Biology seminar. Seattle, Washington, USA.

Halsch, C.A. 2026. *Loss of snow and declines of butterflies in the Sierra Nevada*. Status of Insects Climate Change Working Group. Virtual.

Halsch, C.A. 2026. *Insect Biodiversity in a Changing World*. Syracuse University, Department of Biology seminar. Syracuse, New York, USA.

Halsch, C.A. 2025. *Population trends and adaptation in a changing world: insights from western butterflies*. Binghamton University, Department of Biological Sciences seminar. Binghamton, New York, USA.

Halsch, C.A. 2025. *Direct and indirect effects of climate on montane butterflies*. University of Nevada, Reno EECB program colloquium. Reno, Nevada, USA.

Halsch, C.A., Shapiro, A.M., Parra, A.S., Rodman, K.C., Thorne, J.H., Forister, M.L. 2023. *Direct and indirect effects of climate on montane butterflies*. Butterfly Conservation symposium plenary speaker. Bedford, UK.

Invited presentations

Halsch, C. A., Grames, E.M. 2025. *Insect overwintering modulates responses to temperature change*. Entomological Society of America. Portland, OR, USA.

Halsch, C.A., Forister, M.L., Grames, E.M. 2025. *One day to rule them all*. Status of Insects Research Coordination Network annual meeting. Virtual meeting.

Halsch, C. A., Grames, E.M. 2024. *Death by 852 cuts: connections among drivers of insect decline*. Entomological Society of America. Phoenix, AZ, USA.

Halsch, C.A., Forister, M.L., Grames, E.M. 2024. *Considering the risk of pesticide exposure across already stressed populations*. International Congress of Entomology. Kyoto, Japan.

Halsch, C.A. 2023. *Pesticide risk to butterflies in the western US*. Entomological Society of America Pacific Branch. Seattle, WA, USA.

Halsch, C.A., Selvaggio, S., Code, A. *Rethinking Nursery Production Practices for Safe Pollinator Plants*. 2023. Tri-State Green Industry Conference. Glendale, OH, USA.

Halsch, C. A., Forister, M.L., Grames, E.M., Burls, K.J., Carroll, C.F., Bell, K.L., Jahner, J.P., Bradford, T., Zhang, J., Cong, Q., Grishin, N.V., Glassberg, J., Shapiro, A.M., and Riecke, T. V. 2022. *Integrating heterogenous data sources to assess the status and risk of butterflies to Anthropogenic threats in the western United States*. International Congress of Entomology. Helsinki, Finland.

Halsch, C.A., Shapiro, A.M., Parra, A.S., Rodman, K.C., Thorne, J.H., Forister, M.L. 2022. *Separating the direct and indirect effects of climate change on butterflies in the Sierra Nevada, CA using remote sensing data*. Entomological Society of America Pacific Branch. Santa Rosa, CA, USA.

Halsch, C.A., Shapiro, A.M., Forister, M.L. 2020. *Understanding global change and butterflies with Western North America's longest-running monitoring study*. Entomological Society of America. Virtual meeting.

Contributed presentations

Halsch, C.A. 2023. *The direct and indirect effects of climate stressors on montane butterflies*. Ecological Society of America. Portland, OR, USA.

Halsch, C.A., Shapiro, A.M., Parra, A.S., Thorne, J.H., Forister, M.L. 2022. *Climate change and butterflies: Can we use long-term data to separate direct effects on individuals from plant-mediated indirect effects?* Entomological Society of America. Denver, CO, USA.

Halsch, C.A., Shapiro, A.M., Forister, M.L. 2019. *An Expanding Fritness Landscape: Minimum Temperatures, Host Plant Distribution, and the Expansion of the Gulf Fritillary*. Entomological Society of America. St. Louis, MO, USA.

Halsch, C.A., Shapiro, A.M., Forister, M.L. 2019. *The Spatial and Temporal Story of the Expanding Gulf Fritillary Butterfly*. The Lepidopterist's Society. Davis, CA, USA.

Professional Service

Organized Symposia

Grames, E.M., Millard, J., **Halsch, C.A.**, Elphick, C. 2025. *Understanding Drivers of Insect Biodiversity Loss Through Synthesis*. Entomological Society of America.

Halsch, C.A., Grames, E.M. 2024. *Insect Decline Research Coordination Network Symposium and Workshop*. Entomological Society of America.

Halsch, C.A., Grames, E.M., Wagner, D.L. 2022. *Insect decline in the Anthropocene*. International Congress of Entomology.

Journal reviews

Annals of the Entomological Society of America, Biodiversity and Conservation, Biological Conservation, Biological Reviews, Current Opinion in Insect Science, Diversity and Distributions, Ecological Applications, Ecological Entomology, Ecology, Ecology Letters, Ecosphere, Global Change Biology, Global Ecology and Biogeography, Insect Conservation and Diversity, Journal of Biogeography, Journal of Insect Conservation, Journal of Pest Science, Landscape Ecology, PeerJ

Other professional service

Handling editor – Journal of Lost Species	2025-Present
Grant reviewer – NSF	2025
Board member – Nevada Bugs and Butterflies	2020-2022
Student President – UNR EECB Graduate Program	2020-2021
President – Plant-Animal Interactions Club	2018-2020

Public Outreach

Community service

Co-founder – Nerd Nite, Reno, Community Engagement and Lecture Series 2019-2023
Monthly lecture series for audiences of over 100 people where speakers present research.

Public presentations

Halsch, C.A., Grames, E.M. 2024. *Death by 852 cuts: connections among drivers of insect decline*. Status of Insects Research Coordination Network webinar series.

Halsch, C.A. 2023. *Beyond Basic Butterflies*. Nerd Nite Reno public lecture series.

Halsch, C.A. 2022. *The state of butterflies in the western US*. University of Nevada Extension: Cultivating healthy plants: An IPM webinar series.

Halsch, C.A. 2022. *Looking for pesticides in milkweeds sold in nurseries*. Xerces Society for Invertebrate Conservation.

Halsch, C.A. 2021. *Contamination of Marginal Spaces and the Role of Pesticides in Butterfly Declines*. Western Hummingbird Partnership.
